

Old Business:

Public Comments:

Richard Garst inquired if there has been any communication with Will Bruck regarding the Pilot diesel leak in Whiteford Township. Ned Birkey also shared some information in regards to the Pilot diesel leak and encouraged looking into free water testing for Summerfield Township residents. Supervisor Lucarelli stated that he has spoken with Will Bruck, Monroe County Health Department and the Michigan Department of Health and Human Services and all assured him that no further testing is necessary.

Mr. Garst presented a proclamation from the Monroe County Commissioners to Fire Chief Lucas for the role the Summerfield Fire Department played in the Dundee ice rescue at the Cabela's pond this past winter.

Tom and Tammy Harbaugh inquired about what is being done in regards to the blight issue at McNeil and Valentine.

A gentleman in attendance inquired about the process of retrieving ballots out of the ballot box.

Reports:

Supervisor Lucarelli provided a bank update and stated the title issue is being resolved and things should be moving along. He is also going to compare some cemetery opening and closing costs with other municipalities as ours haven't increased since 2002. Supervisor Lucarelli extended his congratulations along with the board's to Matt Stevens and Evan Bolster on passing their State of Michigan Firefighter I & II test.

Clerk Goodin stated that our budget hearing will be held at 6 pm prior to our regular meeting in June. Also, the township board typically appoints delegates to the Summerfield Recreation Committee. She called the school and they haven't had any meetings recently and couldn't state who is currently on the board. However, Tim Trout is the Director and the recreation programs are still being offered.

Motion by Strahan and supported by Seegert to adjourn the meeting at 7:21 p.m. Motion carried.

Unapproved

Respectfully Submitted:
